Dear Parents and Carers,

Research shows that reading helps aid brain development and it is one of the best activities to provide the foundational language and literacy skills your child needs to succeed. With this in mind, we would like to arrange a regular class visit every half term to the local library in Kimberley where your child will be able to choose some books to help aid their learning and to also read for pleasure. Visiting the library and owning a library card helps teach children responsibility and enables them to feel a valued, trustworthy member of the community.

Therefore, we need to identify those children that do not already own a library card with our local library in Kimberley so that we can get a card set up for them. If you do not have a library card for your child, please could you fill in the attached form and return to school as soon as possible along with the permission slip at the bottom of this letter. If your child does already have a card, please tick the yes box on the permission slip below and return to school.

Thanks for your support.

Yours sincerely,

Mrs Wilde and Mrs.Heysmond
